

## Seminar

# How to handle cross border family maintenance procedures? Novelties brought by the recast Brussels IIa Regulation

Luxembourg, 15-16 March 2022

Grant Agreement 101008434 — CrossBFamilyMatters  
Cross border Family Matters: A tour de table of good practices

**Seminar venue:** Chambre des Métiers, 2 Circuit de la Foire Internationale, 1347 Luxembourg

---

## DRAFT Programme

---

**Objectives:** The seminar will deliver in-depth insights on the highly specialized topics related to EU cross border recovery of **family maintenance**. The training will be carried out by leading practitioners tackling the central issues of the EU Maintenance Regulation, which builds on the 2007 Hague Convention and Protocol on the International Recovery of Child Support and Other Forms of Family Maintenance. In this vein, the training will focus on jurisdiction, abolishment of the exequatur, recovery of international maintenance outside the EU and the adjustment of maintenance decisions together with the corresponding case law of the Court of Justice of the European Union. The training presumes general familiarity with EU law and international family law.

Throughout the discussions specific efforts will be made to blend the theoretical approach with practice oriented learning outcomes through polls, breakout rooms and a workshop session.
